## Webelos Outdoor Night Optional 3 Mile Hike (Session 1 only)

### Hike Summary

Participants will hike south from Parry Farms Park down the Canal trail to a marked turnaround point on the trail. The trail is a fairly flat, paved trail with about a 100 foot elevation change. There are many viewing opportunities along the way. From a distance, you will see both the canal and Jordan River Parkway, train tracks where Frontrunner passes by, a gravel pit, and possible paragliders at the Point of the Mountain. Towards the end, the trail parallels a little farm with chickens, goats, and other animals.

*While the hike is beautiful, there are no restrooms or drinking facilities so be sure to use the restrooms at the LDS Church north of the park and bring water and your snack for the hike.* When returning, water and a small treat will be available for participants.
